Arizona's Charter School of the Year – 2008

US New & World Report Bronze Medal School

Spring 2010

Hello!

Thank you for your interest in Amerischools College Prep Academy. I am quite excited about welcoming in the next group of students and families into the ACPA community.

ACPA has a twelve year history of preparing students successfully for college. Our program is designed to encourage academic rigor and community involvement within the context of a Liberal Arts education. Each year, students will take inquiry-based Seminar classes in English, history, math and science and select from a full range of fine arts, performing arts and academic electives. This academically rigorous program exceeds the state graduation requirements and prepares your child for success at the college or University level. Additionally, ACPA understands that sending a child to college requires cooperation and communication between teachers, students, parents, the Principal and the school. As such, College Counseling begins the summer before 9th grade during a personal one-on-one meeting with the Principal and continues throughout each student's high school career.

The first step in the Registration Process is to attend an ACPA Family Day. During Family Day, you will be introduced to the Principal, staff and inner workings of ACPA. You will have the opportunity to tour the school, ask questions and schedule time to visit classes with your child. It is important that parents and potential students attend. As you know, charter schools are schools of choice, so, it is vital for you to come in, find out about ACPA and make sure this is the program you want for your child.

Registration packets will be handed out to all families in attendance. Please contact the office at 722-1200 to reserve your spot for the date and time that is most convenient. Registration is processed in the order the paperwork is received. ACPA is currently enrolling 9th grade students for Fall 2010. Openings for 10th, 11th and 12th grade will be made available on March 15, 2010 for the 2010 - 11 school year. Please feel free to contact me with any questions or concerns you may have at 722-1200 or cmendoza@amerischools.org. Again, thank you for your interest. I look forward to meeting with you on Family Day!

Sincerely,

Charlene Mendoza
Principal
